MeetingBarA50 is an all-in-one video bar that leverages industry-leading AI to enhance daily hybrid meetings.
It offers easy deployment and use, making it ideal for medium to large meeting rooms.

Three Cameras. See It All.
MeetingBar A50's triple 50MP camera system combines a wide-angle lens and two telephoto lenses to capture every voice, face, and detail—even in larger spaces.
And when the meeting ends, a physical shutter closes automatically to protect your privacy.

Engineered for Power

The MeetingBar A50 elevates video conferencing with Qualcomm's 8550 processor, delivering 50% more CPU performance and over 10 times the AI processing power. This innovation ensures seamless audio and video experiences in medium to large meeting rooms, enabling intelligent collaboration and crystal-clear communication.

The on-device IntelliFocus feature displays real-time close-up shots of the recent speakers, enabling you to stay focused on what truly matters. Feel free to make your points just as you would in a face-to-face conversation.

The Video Fence feature marks the boundaries of a virtual meeting space. Your colleagues only see and hear what's inside, keeping the focus solely on your point.

Voice Enhanced with AI-Powered Audio

The A50 delivers full-duplex audio powered by AI-enhanced noise cancellation and reverberation suppression, so voices come through naturally—without distractions.
With a pickup range of up to 10 meters and support for extension mics and ceiling mics, it’s built to adapt to any room and every conversation.

SIMPLIFY WITH ONE PLUG

MeetingBarA50's One-Cable Solution simplifies deployment and sharing in 2 ways.
A single Cat5e cable from the bar to the touch console provides power and network connectivity to the touch console, eliminating extra cables. Signing in on the touch console synchronizes the entire

system, removing the need to sign in on the touch console.
Additionally, a single USB-C cable from the touch console to the PC enables 4K sharing, BYOD, and PD charging.

FLEXIBILTY MAXIMIZED

The touch console CTP25 can be mounted on the desk or wall, and it offers flexible connectivity options with direct connection to the bar or via IP.

ANDROID BASED, MEETINGS SECURED

MeetingBar A50, based on Android 13, supports the Microsoft Device
Ecosystem Platform (MDEP), ensuring a future-proof and secure meeting experience that effectively combats malicious attacks and data leaks.

MEET YOUR WAY

Yealink MeetingBar supports diverse video platform experiences.
No matter which platform you use, start your meeting right now!

MANAGEMENT OVER THE AIR

Master devices in bulk with professional management platforms such as Microsoft Teams Admin Center (TAC), MTR Portal Management Platform(PMP), Zoom Device Platform (ZDM) and Yealink Management Cloud Service (YMCS).
