The Lindy 7 Port USB 3.0 Metal Hub has been designed to provide reliable performance in demanding operational environments.

This industrial-grade hub features a rugged, all-metal chassis providing excellent EMC protection. With robust metal housing and integrated mounting brackets this hub is the ideal solution for use in industrial environments.

Backwards compatibility with USB 2.0/1.1/1.0 means the hub can simultaneously support older USB peripherals or systems that lack USB 3.0 capabilities, extending their lifetime and giving a greater return on investment. Each port features individual short circuit protection, while the included power supply ensures secure and uninterrupted electricity supply.Information about USB 3.0, 3.1 and 3.2
