Prune tree branches from ground level effortlessly without using a ladder. The UniversalChainPole 18 enables easy pruning in otherwise unreachable areas with the telescopic pole and pivoting head. The well-balanced, lightweight, ergonomic design minimises strain on arms and shoulders while the tip protector and bumper spike offer maximum control while cutting and undercutting. The automatic chain lubrication and an oil level indicator ensure the tool runs smoothly for consistent results. Use the cordless UniversalChainPole 18 for continuous cutting without damaging trees. The tool belongs to the POWER FOR ALL ALLIANCE. One battery can operate a large variety of tools from different brands.
