R1,748

Super compact keyboard with integrated Smart-Touchpad

This keyboard is the perfect size for any limited spaces, from POS systems and receptionists to training to conference rooms, and digital living spaces.

Novel Smart-Touchpad

The extended finger gestures on the Smart-Touchpad allow you to do more than just scroll. With two fingers, it's like using a mouse wheel and with three fingers there is an option for popping up menus like right-clicks!

SoftSkin Coating

Modern design in a sleek and sophisticated finish, the noble matt Black SoftSkin coating is always prone to showing off its beauty with its touches.

Silent Stroke & Tactile Feedback

The soft touch of this membrane provides a highly responsive feel that is both silent and comfortable, making it perfect for those who loves to work without any noise or distracting sensations.
