R1,140

A Green Sleeve Made From a Recycled Plastic Bottle. Our Commitment to a More Sustainable Future.

We use 100% rPET polyester at the outer surface. Green notebook sleeves, each made from a 500ml recycled bottle, are a must-have product for those wanting to do their best to protect our planet.

The product information provided is for reference purposes only. Technical specifications, photos, descriptions and prices may change without prior notice. The manufacturer and seller are not responsible for possible data discrepancies or typographical errors. We recommend checking the current information before purchasing.
