

ATEN 2-Port USB-C DisplayPort Hybrid Cable KVM Switch

Model: CS52DP

Manufacturer: ATEN

EAN: 4710469341311

Product Code: 1625215

R2,190

As an increasingly mobile workforce hot-desks between home and hybrid offices, agility is the key to effective multitasking and remaining engaged in productivity. The compact CS52DP is one of the best choices to meet these hybrid work challenges head on by revamping your workspace with the power of a cable KVM switch and the mobility of USB-C connectivity. Streamline even the most complex workflows by simply pushing the button on the remote port selector to switch between your tasks on one DisplayPort PC and a mobile USB-C device from a DisplayPort and USB console. The DisplayPort-enabled shared screen further assures outstanding 4K audiovisual quality across two computer platforms. Get agile with the CS52DP to jump start your hybrid work productivity and stay ahead of the pack.

Exceptional AV Performance in Vivid 4K

The CS52DP empowers your desktop workflows with 4K DCI audiovisual enhancement by presenting visual content in outstanding precision.

Space-Cost Efficient Desktop Setup

The compact CS52DP enables plug-n-play USB-C connection to a mobile device such as a laptop without going through a docking station, which is a useful, budget-friendly option to expand desktop workspace in a neat and tidy way.

Smooth Cross-Platform Integration

The CS52DP enables the integration of different computer systems (Windows, Mac, Sun, Linux, Android and iOS) that are accessible over one KVM console.

Flexible USB Peripheral Sharing

The console USB ports can be used for plug-n-play connection to compatible USB 2.0 peripheral devices to fulfill data-intensive desktop work requirements.
