Comfort and Style

Upholstered in options of plush velvet, PVC leather, imitation linen and leather-like fabric, the Explore Royal also features unique 3D armrests that hyperrotate within a 225° range, providing more natural resting arm positions for mobile gaming and reclining. With the securing strap for the lumbar pillow discreetly hidden within the backrest and textured leatherette backrest and seat edges, you’re all set to play in style and comfort.

3D Hyperrotation Armrests

The armrests hyperrotate within a range of 225°. This promotes more ergonomic and comfortable resting positions for the arms for mobile gaming or when the chair is in reclining mode.

Enhanced Ergonomics

COUGAR continues to push the envelope on improving ergonomic chair design. Gentler scalloping on both the seat and backrest’s flanks provide a wider support area and more robust cushioning.

Domain Expansion

Claim your domain in luxury, comfort and style with a choice of plush velvet, PVC leather, imitation linen and leather–like fabric upholstery.

Additional Storage Space

A subtle, out-of-the-way pocket at the back of the Explore Royal lets you keep essential items nearby.
Understated Class
A discreetly hidden securing strap keeps the lumbar pillow in place without interfering with clean-line aesthetic; textured leatherette backrest and seat edges add a touch of understated sophistication and class.

Adjustable Design

155º Reclining

The Explore Royal allows you to recline from 90º to 155º. Stay upright for work or play and lie down when you need to rest.

Piston Lift Height Adjustment

Premium quality piston lift lets you easily adjust the Explore Royal’s height.

Rock Your World

Adjusting the tilt tension lets your body recline and rock comfortably within a small angle range at just the right amount of pressure. Lock in your perfect position!
