Product Code: 1626591

R1,653

4K 60Hz HDMI, 2x USB 5Gbps, GbE, SD/microSD, and 100W Power Delivery Pass-Through, all from one USB-C connection

The product information provided is for reference purposes only. Technical specifications, photos, descriptions and prices may change without prior notice. The manufacturer and seller are not responsible for possible data discrepancies or typographical errors. We recommend checking the current information before purchasing.

If you're working from a single USB-C port, this compact travel docking station delivers everything you need. It transforms your USB-C or Thunderbolt™ laptop into a fully connected, portable workstation, supporting 4K 60Hz HDMI™ (via DP 1.4), dual USB-A 5Gbps ports, Gigabit Ethernet, SD/microSD slots, and up to 100W USB Power Delivery 3.0 Pass-Through.

Extra-Long Cable

The attached 12" (30cm) cable gives you extra flexibility in tight or mobile setups. It reduces port strain on devices like 2-in-1s and tablets and works seamlessly with riser stands or adjustable desk environments.

Universal Compatibility

Enjoy plug-and-play functionality across a broad range of USB-C and Thunderbolt devices including laptops, tablets, and even USB-C-enabled phones. It works reliably across all major operating systems including Windows, macOS, iPadOS, iOS, Android, and Chrome OS.

Enterprise Management Tools

StarTech.com Connectivity Tools offer practical utilities to support device management and increase productivity in modern IT environments. With features like MAC address pass-through, Wi-Fi auto switch, and USB device monitoring, the software helps IT teams streamline deployment and strengthen security across diverse setups.

Visit www.StarTech.com/Connectivity-Tools to download the StarTech.com Connectivity Tools.

Note: To ensure full adapter functionality, your laptop's USB-C port must support USB Power Delivery.
