R1,192

Full 1080p Resolution and 360° Rotation

Setup your workspace professionally, whether you are at home or in the office, with the versatile Verbatim AWC-02 webcam. Keep your video calls crystal clear with Full 1080p HD resolution and 30fps at 2K. The webcam can be rotated 360° to get the best position and with a 72° field of view, the camera captures head and shoulders plus some of your background, giving a glimpse into your workspace.

Touch Lighting - Great For Streamers

Choose from 3 light modes; warm light, medium light or cold light (or off entirely) depending on preference. Designed for streaming, the lighting can be changed quickly and easily via a button on

top of the camera. The autofocus function ensures that your face remains clear on camera while the auto white balance adjusts the image for well-exposed lifelike colours.

Top Quality Audio

The AWC-02 comes equipped with an integrated omnidirectional microphone, delivering crisp, clear audio up close while also picking up voices from up to 4 metres away.

The webcam also comes with a privacy lens cover to provide peace of mind and protect the lens when the camera is not in use.

Versatile Mounting Options

The webcam can be attached to the top of a laptop screen with the clamp. This also has an anti-slip surface ensuring it remains stable in use on the laptop or on a desktop. It can also be used with a tripod (not included) to get the perfect height and placement for video calls.

Verbatim AWC-02 webcam supports a variety of the most popular video conference software, including: Zoom, Teams, OBS, Facebook, YouTube, Xbox one, XSplit, Skype, Twitch and Google Meet. Simple and easy to use, just plug into a USB-A port, set it up in your workspace and you're ready to go.
