• Supports fast charging up to 240W • 1.5 meters• Tested to survive up to 3,000 bends• Magnetic attachment for easy and tidy storage• Made from 100% post-consumer recycled materials

Enhanced durability

Introducing the empower by PanzerGlass® Magnetic Cable – where smart design meets everyday convenience! Featuring an innovative magnetic connection for quick, effortless attachment and clutter-free storage, this cable is built for those who value both style and function. The durable braided design adds strength for daily use, but it's the magnetic feature that truly sets it apart.

Need for speed!

The empower by PanzerGlass® Magnetic USB-C to USB-C Cable features a strong TPE interior paired with a braided outer cable sheath for durability and a premium feel. The magnetic adsorption design simplifies cable storage and adds a playful touch. Say goodbye to messy cables – stay organized effortlessly. And the best part? It's made from 100% post-consumer recycled (PCR) materials.

The faster charging means you'll spend less time waiting and more time doing what you love.

We make extraordinary accessories that empower people to connect with friends, family, colleagues and technology every day.
