

Epson EB-L210SF Short throw projector 4000 ANSI lumens 3LCD 3D White

Model: V11HA75080

Manufacturer: EPSON

EAN: 8715946715674

Product Code: 1628698

R36,204

Versatile laser projector combined 3LCD technology is ideal for delivering high quality Full HD content in meeting rooms and classrooms.

The EB-L210SF delivers quality images and a host of features as standard to give users more for their money, producing a bright and vibrant Full HD image up to 125". Its compact and light weight design makes this a perfect mobile display solution for meetings, or it can be wall or ceiling mounted for a permanent solution, freeing up workspace.

The EB-L210SF's short throw lens allows close positioning of the projector to the display, ideal for small rooms and reducing the risk of shadows cast onto the display

The manufacturer and seller are not responsible for possible data discrepancies or typographical errors. We recommend checking the current information before purchasing.

Unlike some other brand projectors, EB-L210SF features 3LCD technology, enabling 4,000 lumens for a bright and vibrant display. The experience is immersive and user-friendly.

Scalable from 55-125", display sizes can be optimised for each room with one product and a fixed cost, and it supports multi-projection edge-blending for a low cost, large, seamless, energy efficient 3780x1080p image.

With up-to 30,000 hour long-life laser-light source, it produces a large display up-to 125", clearly visible from all angles and at a distance, and unlike a flat-panel display, the EB-L210SF can be portable, and there is no glass flat panel to create disruptive, reflected blind spots at certain angles.

Versatile wired and wireless connectivity options, including Miracast™ screen mirroring, ensures effortless, multi-device content sharing, and with a connected optional Epson visualiser, documents, presentations or 3D objects can be projected in incredible detail to the whole room. With USB 2A power output, HDMI streaming sticks can also be connected to open further possibilities.
