Meet the Meeting Owl 3, our premium 360-degree camera, mic, and speaker device that creates the most immersive hybrid meeting experience. Features intelligent autofocus on whoever is speaking, compatibility with most video conferencing platforms and Plug-and-Play simplicity. Built for conference rooms and classrooms with 1080p HD resolution and an 18-foot (5.5-meter) microphone pickup range. Increase the pickup range by 8 additional feet with our new Expansion Mic (sold separately). Owl Labs is an award-winning company with hardware used by over 100K organizations globally.
