Enjoy wireless racing freedom, officially licensed for Xbox consoles & Windows PCs with the Turtle Beach Racer wireless racing wheel. Racer is a complete, all-in-one system, and connects via 2.4GHz low latency wireless connection with up to 30ft of wireless range and up to 30 hours of battery life. Race from your couch or lock in at a desk or table with either the included non-slip, adjustable lap mount, or integrated table clamps. Designed for your favorite racing titles as a wireless wheel, Racer also features controller mode for use as a wheel in driving games that do not support wheels like Rocket Racing.
