- Features: Eco-friendly and glossy, perfect for art creations
- How to recognize: Very stiff to bend, uniform end caps

Recommended settings

- 3Doodler Create - Temperature: LO, LED: Green
- 3Doodler PRO - Temperature: 180-190stC, Speed: 3-6

Technical data

- Insert length: 254mm
- Cartridge diameter: 3mm
- Length of a single element after remelting: 2.5 m
- Package dimensions: 275 x 87 x 4mm
- Package weight: 52g
- Compatibility: 3Doodler Pro, 3Doodler Create Plus, 3Doodler Create, 3Doodler 2.0, 3Doodler 1.0
- The inserts are not compatible with the 3Doodler Start version

3Doodler is one of those fantastic ideas that seem so obvious in retrospect that it is hard to believe that they are only now being implemented.

The premise is simple: the pen draws with molten filament, which makes it possible to build 3D objects in the same way as a 3D printer, but without creating computer models.

The 3Doodler pen is extremely easy to use. To start creative fun, just put the selected filament color in the guide and after a while you can start creating. You are only limited by your ingenuity!

Creating with 3D printing has never been so easy and fun !!!
