

Verbatim 55026 3D printing material ABS Black 1 kg

Model: 55026

Manufacturer: VERBATIM

EAN: 023942550266

Product Code: 1630599

R1,390

A popular, highly durable filament with a glossy, smooth finish. ABS has a high melting temperature compared to other materials available for 3D printing, making it well suited for applications where heat resistance is important such as concept modelling for the building, electrical and automotive industries. Verbatim ABS is made to a special recipe with high quality controls as standard.
