Experience next-level speed, stability, and performance with Tri-Band technology, delivering ultra-fast connectivity for streaming, gaming, and multitasking like never before.

The Express Way: 6 GHz Band - Your Dedicated Gaming Lane

Step into the future with the exclusive 6 GHz band - a green field frequency with nearly zero interference. Enjoy a clutter-free connection tailored for gamers, guaranteeing a pristine, lag-free experience that takes your e-sports performance to the next level.

High-Gain Antennas

Supercharge your PC’s wireless performance with WU5400, featuring external high-gain antennas that deliver exceptional performance for high demanding tasks

USB 3.0 Lightning-Fast Data Transfer

USB 3.0 delivers blazing-fast speeds up to 10x faster than USB 2.0 (5Gbps max), featuring bidirectional transfer and backward compatibility for stable, high-performance connectivity that elevates user experience.

Plug & Play

No CD needed - the WU5400's integrated drivers self-install on Windows 10/11. Simply plug in and experience instant, hassle-free connectivity.

Effortless High-Speed Windows Connectivity

Designed for Windows 10/11 and beyond, the WU5400 delivers instant plug-and-play compatibility with automated driver optimization, ensuring ultra-low latency and peak bandwidth for seamless network experiences.
