Mbps on the 5 GHz band. That makes USB-AX55 Nano up to 1.5X faster than a WiFi 5 client!*

Enhanced WPA3 Network Security

The successor to the well-established WPA2 protocol, WPA3 adds new features that simplify WiFi security, while making your connections much more secure.

Compact Sized USB WiFi 6 Adapter

USB-AX55 Nano is very small that users can leave it in the PC all the time, leaving no chances of losing, forgetting or breaking it when moving from place to place.
