up to 1,000,000, this SSD is built to handle even the most demanding applications and games with ease.

Designed for Gamers and High-Performance Users

The Vi7000G is the ultimate upgrade for gamers and high-performance users seeking unparalleled speed and power. It is equipped with a heat sink and DRAM cache for extreme performance, ensuring that your system always runs at its peak.

With capacities of up to 4TB, you'll have plenty of space to store your favourite games, media, and applications. Its M.2 form factor and heat sink design make it ideal for gaming desktops, as well as compatible consoles. Whether you're a hardcore gamer or a power user, the Vi7000G is designed to take your computing experience to the next level.

Uncompromising Performance

The Vi7000G is engineered with the latest NVMe™ technology, providing faster data transfer speeds and improved multitasking capabilities. With its unmatched speed and power, you'll experience lightning-fast boot times, faster application launches, and seamless file transfers. The Vi7000G is the ultimate choice for users who demand the best in speed and performance.

Upgrade to the Verbatim Vi7000G M.2 PCIe NVMe™ SSD today and unleash unparalleled speed and extreme performance for your desktop PC, gaming rig or console. With its cutting-edge PCIe Generation 4 technology, heat sink design, and NVMe™ technology, the Vi7000G is the ultimate gaming solution for hardcore gamers and power users.
