Ody Wireless keyboard

Wireless and silent keyboard for hours of working comfort

Better Working Starts Here

The Trust Ody Silent Wireless Keyboard is designed to make working more comfortable. Fitted with silent keys, you won't disturb your family or colleagues when typing, the keyboard is spill resistant, and you can enjoy maximum working flexibility thanks to the wireless design.

Silent and Smooth Typing

The product information provided is for reference purposes only. Technical specifications, photos, descriptions and prices may change without prior notice. The manufacturer and seller are not responsible for possible data discrepancies or typographical errors. We recommend checking the current information before purchasing.

The Ody Silent Wireless Keyboard ensures a smooth typing experience. The low-profile full layout has a silent and soft keystroke, while the adjustable angle and rubber anti-slip feet keep comfort levels high for hours. It's fitted with 13 multimedia function keys for smart access with a single press, to further optimise your workflow.

Effortlessly Wireless

The wireless keyboard comes with a USB receiver, which can simply be plugged into a laptop's or desktop's free USB port so you can get to work straight away. With a 10-meter wireless range, the keyboard can control devices from a distance, such as a PC or laptop on the other side of a meeting room. After working, simply flick the off/on switch to turn off the keyboard and save on energy.
