60% mini mechanical gaming keyboard GXT 867 Acira

60% mini mechanical gaming keyboard with full RGB illumination

Minimum size, maximum impact

The Acira might be small, but it’s certainly mighty too. With an ultra-compact 60% form factor, this mini keyboard gives you even more room for mouse movement, as well as all the functionality you need to smash each and every game, just in a smaller and more convenient size!

The keys to victory

Defeat enemies, win races, explore new lands – you'll have it all at your fingertips with this keyboard's Outemu mechanical red switches. Tested for up to 50 million keystrokes, there's nothing stopping you from grabbing victory after victory.

Life is better in colour

Did we mention the Acira comes with awesome full RGB back-lighting? With up to 16.8 million colours at your disposal, you can take on your games with every colour under the sun, whilst also adding so much cool to your gaming setup.

Double the function, double the fun

Take advantage of a full-size experience in a mini form. The Acira's dual function keys allow you to do so much more with less keys, ensuring that you still have all the moves you need. How cool is that?!

At your command

Good tech is made to be personalised, which is why this keyboard comes with included software that enables you to do just that. With the ability to customise the lighting and key functions, keyboards have never been better!

All the extras

Just like your favourite game, there's so much more to the Acira than meets the eye. Along with all of the above, this keyboard also has Fn multifunction keys, a 1.8m detachable cable, and anti-slip 2-step height adjustable feet for more convenient and comfortable gaming.
