PRODUCT DETAILS

Our easy-to-use, uncomplicated technology drives student engagement and comprehension of critical STEM subjects.

The 3Doodler Start Learning Pack is an all-in-one educational tool designed with teachers for K to 8th grade classrooms. Specifically constructed and priced for educational institutions, you can outfit an entire classroom with 3Doodler pens for less than the cost of a traditional 3D printer.

The product information provided is for reference purposes only. Technical specifications, photos, descriptions and prices may change without prior notice. The manufacturer and seller are not responsible for possible data discrepancies or typographical errors. We recommend checking the current information before purchasing.

The 3Doodler Learning Pack is recognized as the ideal EdTech for STEM subjects, PBL, tactile learning, problem solving, creative thinking, and much more. Teachers have used the 3Doodler to diversify and personalize teaching methods, making lessons fresh and fun. Students are genuinely excited about the ability to create!

Each Learning Pack comes with 3D pens, lesson plans, classroom materials, accessories, and plastic refills, packaged in a way to help you and your students get started as soon as you open the box. No complicated software or steep learning curve! If you can hold a marker, you can use a 3Doodler pen.
