This USB-C™ to USB-C cable makes it easy to charge and sync USB Type-C™ devices, such as the Samsung Galaxy S8, S8+, Nexus™ 6P, and 5X phones, using the USB-C port on your computer.

The cable is also compatible with Thunderbolt™ 3 ports, which means you can charge and sync your USB-C mobile devices using your Thunderbolt 3 laptop.

Charge and sync your mobile devices over longer distances

The 3-meter cable gives you the extra length you need to overcome distance restrictions and stay connected. You can charge and sync your USB-C mobile device, in almost any environment. Even while you're taking notes in a boardroom, catching up on emails in your hotel room, or reading in a coffee shop, your mobile device will reach your computer or wall charger more comfortably.

Power your laptop

With up to 3A of power output, you can use this USB Type-C cable to power a USB-C laptop, such as your Apple MacBook or Chromebook Pixel™. Simply connect the cable to your USB-C laptop and to a USB-C wall charger.

Keep the cable as a spare while you're traveling

Replace the USB-C cable that came with your device, or keep one as a spare while you're traveling, so that all of your devices will be ready to use whenever you need them while you're on the road.
