Cord Concealer | Polyester/Nylon Fabric | Trimmable

This flexible and lightweight cable-management sleeve, made of polyester and nylon fabric, provides an easy and inexpensive solution for managing cable clutter. Use it to keep cables organized behind your computer monitor, while still providing access to cables when needed. The extra-long 15 ft. (4.6 m) cable sleeve is trimmable, providing flexible use in a wide range of applications.

Easy and Versatile Use

The flexible cord concealer helps you keep cables and wires hidden, anywhere you work. Organize cables at your workstation, above and below your desk. Manage cables in an AV studio. Keep electrical cables organized in a networking setting. You can use the cable sleeve for a single cable, or multiple cables (up to 10 depending on thickness).

Wraps Easily Around your Cables

Simply open the rolled fabric from the side to guide your cables through. The flexible cable sleeve automatically recoils to wrap around your cables. It can also expand to cover additional cables as needed. There are no tools required, and the cables don't need to be disconnected from the computer to be inserted into the cable-management sleeve.

Trims to Any Length

Using sharp scissors, you can cut the cable-management sleeve to your desired length, to fit neatly under your desk or table, or behind your media center.

The WKSTNCM2 is backed by a StarTech.com 2-year warranty and free lifetime technical support.
