Intellinet Gigabit High-Power PoE+ Injector, 1 x 30 W, IEEE 802.3at/af Power over Ethernet (PoE+/PoE)

Model: 560566

Manufacturer: INTELLINET

EAN: 766623560566

Product Code: 1638630

R1,229

Reduce costs by using existing Cat5 cable to provide both power and data.

The Intellinet Network Solutions 1-Port Gigabit High-Power PoE+ Injector allows you to connect your IEEE 802.3af/at-compliant products to a non-PoE LAN switch port. The PoE Injector can be used to connect a wireless access point, IP phone, network camera or any IEEE 802.3af/at-powered device

The product information provided is for reference purposes only. Technical specifications, photos, descriptions and prices may change without prior notice. (PD) to a switch. The device has an output power rating of up to 30 watts. That's enough for even power-hungry PoE devices.

Reduce Wiring Costs

No need to run AC power lines for your wireless access point, network camera or IP phone. Simply connect the PoE Injector to the LAN switch port, and use the existing Cat5 cabling to deliver DC power as well as transfer data.

Protect Your Equipment

Now that you are running DC power to your networked equipment through the Cat5e/6 cabling, you need to be sure that the products are protected from power problems. The PoE Injector was designed to protect equipment from short circuits (short GRND), current overloads and high voltages.
