

Yealink EN300

Model: 1303167

Manufacturer: YEALINK

EAN: 6938818320239

Product Code: 1638636

R34,779

The EN300 is a high-performance AV-over-IP encoder that delivers 4K@60Hz 4:4:4 video with latency as low as 16 ms. It supports Dante AV, automatic switching between multiple sources, and powerful USB Type-C capabilities, including PD charging, content sharing, and a premium BYOM experience.

The product information provided is for reference purposes only. Technical specifications, photos, descriptions and prices may change without prior notice. The manufacturer and seller are not responsible for possible data discrepancies or typographical errors. We recommend checking the current information before purchasing.
