The KSK-5230IN is the perfect keyboard for any industrial environment. With a compact layout, it's easy to use even in tight spaces. The integrated multi-finger touchpad allows you to scroll, zoom, and navigate with just your fingers!

IP68 Waterproof & Dustproof

Keep your keyboard clean and germ-free with the KeySonic KSK-5230IN. Its silicone seal protects your keyboard from spills, dirt, and other contaminants. The KSK-5230IN's keys are also easy to keep clean with a gentle wipe of a disinfectant cloth.

Integrated Touchpad

Your productivity is about to skyrocket! KeySonic's KSK-5230IN keyboard has an integrated touchpad that can be used in lieu of an external mouse. It's perfect for industrial and labs environments where we want to keep germs and dusts off of our keyboard and mouse.
