

Kodak S2080W ADF scanner 600 x 600 DPI A4 Black, White

Model: 1015189

Manufacturer: KODAK

EAN: 041771015183

Product Code: 1640917

R24,313

The Alaris S2060w/S2080w network scanners let your team capture the information needed with superior image quality and data accuracy. It is the perfect desktop scanning solution that multiple people can share and get information into your business fast.

Intuitive User Display

Start up faster and stay productive with ease-of-use features. Install preconfigured settings in seconds using the award-winning Easy Setup feature. The intuitive color displays make scanning quick and easy. Save up to 20 job setups and destinations with one-touch scanning.

Active Feed Technology

The product information provided is for reference purposes only. Technical specifications, photos, descriptions and prices may change without prior notice. The manufacturer and seller are not responsible for possible data discrepancies or typographical errors. We recommend checking the current information before purchasing.

Keep working without worrying about jams, thanks to a paper path built for exceptional reliability. Active Feed automatically jogs pages to avoid misfeeds. Maintain maximum uptime with SurePath Paper Handling. Controlled Output stacking neatly places pages in the output tray.

Wi-Fi and Ethernet Connectivity

Place the scanner wherever needed, with or without the need of a USB cable. Wi-Fi and Ethernet connectivity allows you to connect the scanner to your office network to suit your business needs. Secures your scans over a network with HTTPS, WPA Enterprise, and TLS encryption standards.

Embedded Image Processing

Save money at all steps in the scanning process, with innovation that takes out overhead costs. Embedded Image Processing delivers crisp, high-quality images at full speed without depending on a super-powered PC. Intelligent features help reduce manual pre- and post-scan tasks.

Optical Character Recognition

Get the right information the first time, with Optical Character Recognition read rates that are 10% more accurate than competitive devices. Perfect Page technology delivers superior image quality with 30+ enhancements automatically for more accurate image extraction.

Integrate Directly into Business Processes

Deliver information exactly where it needs to go, in the right format. Your documents can go anywhere you need: local or network folders, FTP, cloud destinations like SharePoint, or other ECM systems. Advanced capture software and our partners can help you extract data from documents and integrate it directly into business processes.

Ready for passports or small delicate documents

The S2000 Series is designed to 'dock' on top of the Alaris Passport Flatbed Accessory, offering a quick and easy solution for scanning passports, ID cards and other small, fragile documents. You don't need another power cord or USB port on your host PC. Thanks to seamless TWAIN and ISIS-
