R919

Simplify Connections

Easily expand your connectivity with four essential ports, including HDMI, USB-C® PD 3.0, USB-A 3.2 Gen 1, and USB-A 2.0. This hub is designed to connect your laptop to external displays, USB drives, and other peripherals, making it a versatile addition to your workspace.

High-Speed Data Transfer

The product information provided is for reference purposes only. Technical specifications, photos, descriptions and prices may change without prior notice. The manufacturer and seller are not responsible for possible data discrepancies or typographical errors. We recommend checking the current information before purchasing.

With USB 3.2 Gen 1, enjoy data transfer speeds up to 5Gb/s. This enables quick sharing of files and efficient syncing of devices. The additional USB-A 2.0 port offers compatibility with older devices at speeds up to 480Mbps.

Impressive Display Output

Connect to an external display with the HDMI port, which supports 4K resolution at 30Hz. This allows for an enhanced viewing experience, perfect for presentations, video conferencing, or streaming content.
