Verbatim Mini GaN Charger 100W with Display

Model: 30239

Manufacturer: VERBATIM

EAN: 023942302391

Product Code: 1641510

R1,830

100W Power, 3 Ports, and a Smart Display

Delivering an impressive 100W total output, this mini GaN wall charger can easily power a laptop, tablet, and smartphone at once. The integrated TFT display keeps you informed with live charging statistics for each port, while PPS (Programmable Power Supply) dynamically adjusts power output for maximum speed and safety across all connected devices.

Smart Display

The integrated touchscreen display shows real-time insight into the GaN Charger’s performance. Switch between modes to view total wattage, individual port power output, total charging time, and charging status—Eco or Turbo Boost. The display can also be flipped, ensuring it’s easy to read no

matter how the charger is oriented in the socket.

Advanced Safety and GaN Efficiency

Built with advanced GaN semiconductors, this charger achieves exceptional energy conversion efficiency while keeping temperatures low. It incorporates comprehensive safety protections, including overcurrent, overvoltage, overheating, and short-circuit safeguards, ensuring your devices stay protected during every charge. Its fireproof PC housing further enhances reliability and peace of mind.

Travel-Ready Design

With its replaceable EU, UK, and US plugs, it’s the ultimate travel companion. Compact yet powerful, it fits neatly into any bag, making it ideal for charging on the go. From your workspace to hotel rooms around the world, this charger adapts effortlessly to your needs.
