This MOTU Origins Turtles of Grayskull Leonardo toy represents an exciting overlap of the worlds of Masters of the Universe and Teenage Mutant Ninja Turtles as they find themselves in the Reptile Wars! Although still recognizable, this Leo action figure is geared up with Reptile Wars snake-fighting armor and weaponry that gives him a very different appearance. At 5.5-inch scale with 16 points of articulation, he comes with a fierce expression and glowing eyes and wears removable snake-themed armor with blue metallic detail including a shell that doubles as a shield. He's armed with 2 special swords with a bladed capture hook for snake-wrangling. A Reptile Wars-themed mini-comic provides story context. Makes a great gift for MOTU and TMNT fans 6 years and older. Colors and decorations may vary.
