The GWS 17-125 Professional convinces with high power, overload capability, and improved dust protection by air inlets at the backside of the tool with removable dust filters and therefore provides maximum productivity in the metal industry. The small angle grinder with a powerful 1,700 W motor achieves a better convenience thanks to its significantly small grip size. It also features KickBack Control, Restart Protection, and a Vibration Control side handle for a high user protection.

Equipment & Application

The GWS 17-125 Professional grinds metal or welds seams and cuts metal, concrete, bricks, and tiles. It is compatible with Bosch's dust extraction systems GDE 125 EA-T Professional and GDE 115 / 125 FC-T Professional.
