Targus DOCK429GL laptop dock/port replicator Wired USB4 Silver

Model: DOCK429GL

Manufacturer: TARGUS

EAN: 5063194004105

Product Code: 1645658

R3,076

Experience USB4 performance up to 20 Gbps in a portable, compact dock designed for serious productivity. Small but mighty, it delivers pro-level speed and versatility wherever you work. Drive stunning visuals with dual video outputs: two HDMI and/or one USB-C MFDP port. Enjoy up to 8K on a single display or 4K on two displays*. Connect your essentials with ease via 3x USB-A (10 Gbps), 2x USB-C (10 Gbps), and Gigabit Ethernet.

Stay powered without the clutter. With 140W EPR power pass-through**, you can charge your host and devices by connecting your power supply to the dock. Or skip the adapter and power the dock directly from your laptop via USB-C.

Built with recycled materials, this tiny-yet-tough dock is the smarter, sustainable choice for eco-conscious professionals who refuse to compromise on performance.

The product information provided is for reference purposes only. Technical specifications, photos, descriptions and prices may change without prior notice. The manufacturer and seller are not responsible for possible data discrepancies or typographical errors. We recommend checking the current information before purchasing.

* MacBook multi-monitor support varies by model—some require clamshell mode, some need macOS updates, and only newer models support full native multi-display setups.

**140W charging requires compatible host machine supporting PD3.1 Extended Power Range (EPR). PD 3.0 Power Delivery up to 100W for compatible hosts.

Dual Video Support

Unlock a rich, ultra-high-definition viewing experience with single 8K or dual 4K video support* - perfect for multitaskers, creatives, and anyone who thrives with more screen real estate.

Amped up Charging

Power your high-performance laptop with up to 140W EPR Power Delivery pass-through**. With its integrated USB4 connector, this alternate mode dock can connect to any USB4, Thunderbolt 3 and 4, or USB-C DP Alt Mode-enabled host and keep your laptop charged and ready. Ideal for devices with limited ports – no compromises, just seamless power.

Perfectly Portable

Slim, lightweight, and built for mobility, this dock is perfect for hybrid professionals, frequent travellers, and those always-on-the-go. Wherever work takes you, it’s ready to keep you connected and productive.

Plug and Play Simplicity

No software. No hassle. Just plug into your device and instantly connect to a wired network, multiple peripherals, and fast data transfer. It’s streamlined connectivity at its best.

Eco-Friendly Exterior

Made with 75% recycled post-consumer plastics and aluminium, this EcoSmart™ dock combines outstanding performance with a commitment to sustainability, contributing to a greener future without compromising on speed or reliability.
