Snap & Charge for iPhone 12-15 Series

This UGREEN magnetic power bank securely attaches to your iPhone 15 Pro Max with a strong internal magnet, providing cable-free charging without worrying about slippage. It stays firmly in place, allowing easy one-handed use for video calls and selfies.
Compact and Travel-Friendly: Weighing just 130g and sized to fit in your pocket (10.58×6.87×1.31 cm), this lightweight power bank is perfect for on-the-go charging, offering convenience and freedom without cables.

Premium Design

Crafted from soft, skin-friendly silicone, it delivers a comfortable touch and a sleek, minimalist look that complements any style.

Dual Charging Options

Charge two devices at once—wirelessly or via USB-C—and enjoy two-way charging capabilities. The USB-C port supports up to 15W output.

Enhanced Safety Features

Built-in protections against overvoltage, short circuits, overcurrent, and overheating ensure safe charging. A long press activates trickle charging mode for optimal device protection.
