

ICY BOX IB-247-C31 HDD/SSD enclosure Anthracite 2.5"

Model: IB-247-C31

Manufacturer: ICY BOX

EAN: 4250078168126

Product Code: 1646184

R1,330

AL - our favourite from the periodic table of the elements

Aluminium - the material our accessory dreams are made of. Developed on the computer, melted in the blast furnace and finally milled from one piece of aluminium with the highest precision. More quality cannot be developed from a hard disk enclosure.

Fast pit stop

Cover up - remove drive, insert new drive, cover down - done. The CNC milled recess in the aluminium means that the exchange of hard disks and SSDs is no longer a nerve tear test.

Are we there yet?

The product information provided is for reference purposes only. Technical specifications, photos, descriptions and prices may change without prior notice. The manufacturer and seller are not responsible for possible data discrepancies or typographical errors. We recommend checking the current information before purchasing.

The copying of a huge amount of data is pending and nobody wants to devote their undivided attention to the copying process. The integrated LED shows us in stylish blue whether hard disk access and therefore the copying process is still taking place - so that you can concentrate on the important things.
