R1,040

The 2-in-1 USB-C to USB-C + HDMI Cable is a versatile connectivity solution designed to simplify modern workspaces and mobile setups. By combining video output and high-speed data transfer in a single cable, it eliminates the need for additional adapters while keeping your setup clean and efficient.

Featuring an integrated HDMI output supporting resolutions up to 4K at 60Hz, this cable allows you to connect your USB-C laptop, tablet, or smartphone to an external monitor, TV, or projector for crystal-clear visuals and smooth presentations. The USB-C connection supports data transfer speeds up to 20Gbps, ensuring fast and reliable performance for compatible devices.

In addition, the cable supports USB-C Power Delivery pass-through up to 100W, enabling you to
