R2,031

Always connected

The **RESQ 200** is a wind-up radio that gives you access to information and entertainment anywhere. Save 30 favourite stations via DAB+/FM or stream music wirelessly via Bluetooth.

Energy and powerbank function

The built-in 4500 mAh battery charges easily via USB-C, solar panel or hand crank. This way you always have power for the radio and to charge your smartphone or tablet.

Light all around you

With a dimmable flashlight and a powerful 360° camping light you always have the right lighting. The camping light spreads light all around, ideal for in the tent or outdoors. In emergencies, activate
