

Conceptronic AERIVA02B High-Speed Turbo Fan, Aluminum Body

Model: AERIVA02B

Manufacturer: CONCEPTRONIC

EAN: 4015867244982

Product Code: 1649052

R1,001

The AERIVA02B High-Speed Turbo Fan is engineered to deliver powerful and efficient cooling in a compact, portable design. Equipped with turbo airflow technology, it generates strong and focused air circulation to quickly reduce heat and enhance comfort in various environments.

With adjustable speed control, users can easily fine-tune the airflow to match their personal cooling needs. The durable aluminum body ensures long-lasting performance while enhancing heat dissipation for stable and efficient operation.

A built-in digital display provides real-time visibility of fan speed and battery status, allowing for convenient monitoring during use.

Combining performance, control, and premium construction, the High-Speed Turbo Fan is an ideal
