# Conceptronic ATHERIC01B Wireless USB-C to HDMI Display Kit 1080P

Model: ATHERIC01B

Manufacturer: CONCEPTRONIC

EAN: 4015867242841

Product Code: 1649068

## R2,482

Wirelessly stream video from your USB-C laptop, tablet, or phone to any HDMI display such as a TV, monitor, or projector. No Wi-Fi, app, or internet connection is required. The Wireless USB-C to HDMI Display Kit supports both screen mirroring and extended display modes, giving you flexible viewing for work, learning, or entertainment.

Powered by 5GHz wireless technology, it delivers smooth, stable 1080p video and supports a wireless range of up to 30 meters. The USB-C transmitter also supports Power Delivery 3.0, offering up to 100W fast charging while in use.

With simple plug-and-play setup, this kit is a versatile solution for home, travel, meetings, and more.

The product information provided is for reference purposes only. Technical specifications, photos, descriptions and prices may change without prior notice. The manufacturer and seller are not responsible for possible data discrepancies or typographical errors. We recommend checking the current information before purchasing.
