everything from environments to the recoil of different weapons.

Adaptive triggers

Experience varying levels of force and tension as you interact with your in-game gear and environments. From pulling back an increasingly tight bowstring to hitting the brakes on a speeding car, feel physically connected to your on-screen actions.

Built-in microphone and headset jack

Chat with friends online using the built-in microphone – or by connecting a headset to the 3.5mm jack. Easily switch voice capture on and off at a moment's notice with the dedicated mute button.

Create button

Capture and broadcast your most epic gaming moments with the create button. Building on the success of the pioneering SHARE button, “create” offers players more ways to produce gaming content and broadcast their adventures live to the world.

Remote Play

Stream compatible games from your PS5® or PS4™ console to your PC using the PS Remote Play App and control them with the DualSense controller. The app requires an internet connection and PlayStation account

Signature comfort

Take control with an evolved, two-tone design that combines an iconic, intuitive layout with enhanced sticks and a reimagined light bar.

Familiar features

The DualSense® wireless controller retains many DUALSHOCK®4 features, returning for a new generation of play.
