

Equip 2 in 1 USB-C + A to RJ45 Gigabit Ethernet Cable, 2.0m

Model: 133102

Manufacturer: EQUIP

EAN: 4015867244128

Product Code: 1649239

R1,032

The 2-in-1 USB-C + USB-A to RJ45 Gigabit Ethernet Cable provides a convenient and reliable solution for adding wired network connectivity to a wide range of devices. Designed with both USB-C and USB-A connectors, this versatile cable allows easy connection to modern laptops, tablets, and legacy computers without requiring additional adapters.

Equipped with a Gigabit Ethernet RJ45 port, it delivers stable wired network speeds up to 1000 Mbps, making it ideal for environments where reliable connectivity is essential, such as offices, home workstations, online meetings, streaming, and large file transfers. A wired connection can significantly reduce latency and improve network stability compared to wireless connections.

The compact cable design offers a plug-and-play installation, eliminating the need for complicated setup or external power. Simply connect the cable to your device to instantly enable high-speed
