Moza Racing ESX Steering Wheel

Model: RS052

Manufacturer: MOZA RACING

EAN: 6973137270360

Product Code: 1649652

R3,365

The MOZA ESX Steering Wheel for Xbox combines official Xbox licensing with MOZA Racing’s direct drive technology to deliver an unparalleled racing experience. Designed with a solid aluminum alloy rim and non-slip, sweat-proof ISF PU grips, it ensures maximum durability and comfort during intense races. The wheel features 22 customizable buttons for complete control and on-the-fly adjustments, while the fully adjustable RPM LED lights add a dynamic touch to your setup. With the industry-leading MOZA quick-release system, swapping wheels is fast and effortless, making this the ideal choice for dedicated racers.

Officially Licensed for Xbox

Combining Xbox console performance with MOZA Racing direct drive technology for the most immersive racing experience.

Durable ISF PU Grips

The product information provided is for reference purposes only. Technical specifications, photos, descriptions and prices may change without prior notice.
