R1,286

Where's Your Head At

Keep your desk organised with the Trust GXT 265 Cintar RGB Headset Stand. And the stylish accessory does more than support your headset: it also has two easy-to-reach USB ports and adds impressive breathing RGB illumination to your gaming setup.

Super Stable

Thanks to its weighted design with non-slip rubber feet, the Cintar stand will offer support for any headset with a height of up to 215mm. And with the sturdy non-slip top layer, your headset will remain firmly in place.

The product information provided is for reference purposes only. Technical specifications, photos, descriptions and prices may change without prior notice. The manufacturer and seller are not responsible for possible data discrepancies or typographical errors. We recommend checking the current information before purchasing.

Stay Connected

The stand features 2 extra USB ports, offering easy-to-reach options for connecting devices like a mouse and a webcam, or a USB memory stick to transfer files.

Light it Up

Besides tidying up your desk, the headset stand will also bathe it in impressive breathing RGB illumination. Thanks to the breathing colours, the Trust GXT 265 Cintar RGB Headset Stand won't just be a useful addition to your gaming setup, but a stylish one as well.
