

Equip 19" Fiber Optic Space Box, 1U, without front panel, Grey

Model: 337112

Manufacturer: EQUIP

EAN: 4015867244715

Product Code: 1651151

R1,329

The equip® 337112 is a 19" 1U fiber optic space box for flexible fiber management in structured cabling. Supplied without a front panel, it accepts compatible adapter panels so you can configure it for up to 48 fibers in single-mode or multimode.

A sliding steel housing gives ample room for splicing, routing, and storage, with a holder for splice cassettes and an extendible base chassis with pigtail fixing punch-outs. The quick-mount feature speeds installation and reconfiguration as the network grows.

M6 screws, cable ties, and cable glands are included; 483 × 243 × 44 mm; finished in grey (RAL 7035).

The product information provided is for reference purposes only. Technical specifications, photos, descriptions and prices may change without prior notice. The manufacturer and seller are not responsible for possible data discrepancies or typographical errors. We recommend checking the current information before purchasing.
