Model: Heart Dock 2255

Manufacturer: ICY BOX

EAN: 4250078175551

Product Code: 1651343

R5,273

Heart Dock 2255 is made for those who ask for more. For people who don't stop at "good enough." Did it absolutely need a Kensington Security Slot [™] ? No. Was VESA [®] mounting required? Not necessarily. Does every DockingStation offer DisplayLink [®] and dual 4K support? Definitely not. But Heart Dock 2255 includes all of it because it's built for users who go the extra mile and expect their setup to do the same. You don't settle for less and neither does Heart Dock 2255.
