LogiLink NP0052B patch panel 1U

Model: NP0052B

Manufacturer: LOGILINK

EAN: 4052792040241

Product Code: 1652688

R971

LogiLink’s 10” Patch Panel line is the most efficient solution when having smaller Cat.5E, CAT6 or CAT6A network installations. It is a most cost effective and flexible solution without 19" racks and separate EDP rooms. The 12 port Patch Panel fits into so called SOHO 10 inch cabinets, suitable as cable distributor or as connection device for groups of participants at their work group. Up to 12 participants can be connected using shielded or unshielded installation cabling.

The product information provided is for reference purposes only. Technical specifications, photos, descriptions and prices may change without prior notice. The manufacturer and seller are not responsible for possible data discrepancies or typographical errors. We recommend checking the current information before purchasing.
