Product Code: 1652740

R1,052

Product information "USB 3.0, 3-port hub, with card reader and aluminum casing" from LogiLink

This 3-port hub from LogiLink supports the modern USB 3.0 standard and allows you to connect up to 3 devices. Of course, you can also connect and use devices of older USB generations. But not only that, because of the built-in card reader, you can also access and transfer data from/to your SD or microSD card! This practical and noble-looking hub with its aluminum design is a real eye-catcher on each desk. Easy connection via Plug & Play. USB 3.0 transfer rates of up to 5 Gbps.

The product information provided is for reference purposes only. Technical specifications, photos, descriptions and prices may change without prior notice. The manufacturer and seller are not responsible for possible data discrepancies or typographical errors. We recommend checking the current information before purchasing.
