Product information "Sit/stand/swivel stool, height-adjustable 56-82 cm, max. 136 kg, black/orange" from LogiLink

The LogiLink height-adjustable Wobble Stool (EO0071) offers a modern, comfortable and dynamic seating solution that makes sitting more comfortable and promotes a healthier posture. It has a built-in gas spring for quick height adjustment and is therefore also suitable for standing desks. It also has a padded seat for optimum comfort that reduces pressure when sitting and a stable, convex base that allows 360° rotation and tilt to promote continuous movement.

The product information provided is for reference purposes only. Technical specifications, photos, descriptions and prices may change without prior notice. The manufacturer and seller are not responsible for possible data discrepancies or typographical errors. We recommend checking the current information before purchasing.
