LogiLink HDW0111AT AV extender AV transmitter Black

Model: HDW0111AT

Manufacturer: LOGILINK

EAN: 4052792075397

Product Code: 1653086

R2,870

With each additional transmitter unit, you can expand the LogiLink HDMI Ultral HD (4K) Wireless Presentation System (HDW0111) with additional participants as required. Expand your system to up to 16 transmitters/participants. This gives you flexibility for your meetings, presentations and training sessions - plug & play, simply connect and get started.

The product information provided is for reference purposes only. Technical specifications, photos, descriptions and prices may change without prior notice. The manufacturer and seller are not responsible for possible data discrepancies or typographical errors. We recommend checking the current information before purchasing.
