EAN: 4052792075991

Product Code: 1653092

R2,624

LogiLink's mobile pedestal maximises your storage space and keeps important documents close at hand. With its compact design, it fits under most tables and desks, ideal for any workplace or your home. It has two drawers, with the bottom drawer featuring an adjustable file holder for FC-sized hanging files. A secure lock with two keys protects your office documents and personal belongings. A removable shelf is integrated for small items. Shock-absorbing nylon castors ensure stability and easy mobility, while rounded edges and corners provide comfort and safety. The smooth-running sliding mechanism enables the drawers to be opened and closed quietly.

The product information provided is for reference purposes only. Technical specifications, photos, descriptions and prices may change without prior notice. The manufacturer and seller are not responsible for possible data discrepancies or typographical errors. We recommend checking the current information before purchasing.
