

LogiLink Multifunctional holder, 0.5-7 cm wide, up to 3 kg, mini PCs, small CPUs, black

Model: BP0210

Manufacturer: LOGILINK

EAN: 4052792076349

Product Code: 1653093

R811

Well stowed away for more organisation and clarity on your desk. The clever design offers you three mounting options: Simply place your device on your desk, mount it discreetly behind a monitor or attach it to a monitor arm with VESA compatibility. The mount adapts to a variety of PC sizes and shapes, including Intel NUC models (when the power button is on the side), Chromebox, Mac Mini, small CPUs and thin clients, with an adjustable width range of 0.5 to 7 cm.

The product information provided is for reference purposes only. Technical specifications, photos, descriptions and prices may change without prior notice. The manufacturer and seller are not responsible for possible data discrepancies or typographical errors. We recommend checking the current information before purchasing.
